**Join Oakland Privacy to organize against the surveillance state, police militarization and ICE, and to advocate for surveillance regulation around the Bay.**

**We fight against “pre-crime” and “thought-crime,” spy drones, facial recognition, police body cameras and requirements for “backdoors” to cellphones, to list just a few invasions of our privacy by all levels of Government.**

**We draft and push for privacy legislation for City Councils, at the County level, and in Sacramento. We advocate in op-eds and in the streets. We stand in solidarity with Black Lives Matter and believe no one is illegal.**

Oakland Privacy originally came together in 2013 to fight against the Domain Awareness Center, Oakland’s citywide networked mass
